Notice of Water Flushing

Date May 20, 2022

The Town of Montville WPCA will begin Fire Hydrant flushing on the Montville water line starting on June 06, 2022 thru June 10, 2022. Flushing will take place between the hours of 6:00 a.m. and 6:00 p.m.

At various times during the cleaning, the water will be discolored due to the disturbance of naturally occurring minerals that have settled in the water mains.

The water is safe to drink. However, because of discoloration, Montville WPCA advises customers to store tap water in the refrigerator for drinking and cooking until the water clears up. Residents should also check the condition of the water prior to washing clothes and if it is discolored, delay doing laundry until the water is clear.

Please note that the dates vary slightly due to weather or other emergencies that may affect scheduling.

Thank You

Montville Water Supply
